### Commercial Launch Announcement for Tactical Battle RPG “ひめがみ絵巻” iOS Version

Tokyo, Japan—Aiming Incorporated announces the commencement of the commercial launch of “ひめがみ絵巻” for the iOS beginning June 23 (Tuesday).

Since the commencement of its commercial release, “ひめがみ絵巻” has garnered over 150,000 pre-registered players and more than 10,000 Twitter followers (as of June 23, Tuesday).

“ひめがみ絵巻” offers an unique motif where players enter the realm of the gods, brought and bound together from all over the world. Alongside over a hundred different gods, each with their own unique personality, you have the power to bring this chaotic world into its rightful order.

Train and support your goddesses well, and allow them to reach their highest rank. Choose your favorite and enjoy endless play time with your chosen deity! Enjoy listening to your goddess’ voices portrayed by popular Japanese voice actresses such as Yui Ogura, Kaori Ishihara, and Rina Hidaka.

Aside from being able to position your goddesses strategically both at the frontlines and the rear, you can even switch their positions at any time while in battle in order to maximize the use of your character’s skills and special abilities. Being able to switch your character’s positions opens up many other strategies to win your battles. “ひめがみ絵巻” also offers an easy and convenient auto-battle mode.
