<About “ひめがみ絵巻”>

“ひめがみ絵巻” is a tactical turn-based battle RPG that offers a unique motif where players enter the realm of the gods, brought and bound together from all over the world. Alongside over a hundred different gods, each with their own unique personality, you have the power to bring this chaotic world into its rightful order.

Positioning your goddesses strategically both at the frontlines and the rear makes a lot of difference in maximizing the use of their main and passive skills, and even switching their positions at anytime while in battle opens up many other tactical strategies to win. “ひめがみ絵巻” offers an easy and convenient auto-battle mode, along with many other challenging quests to satisfy your appetite for strategic gaming!

Moreover, by training and supporting your goddesses well and allowing them to reach their highest rank, you can even enjoy endless play time with your chosen deity.

Aiming continually strives to make further efforts in making “ひめがみ絵巻” a fun game for everyone.
